

**IX Regional Arrhythmology School  
with International Attendance  
n.a. Professor V.V. Pekarsky  
«State-of-the-Art Methods  
of Interventional Arrhythmology»  
April 27-28, 2017**

## **PROGRAM**

**Thursday, April 27**

Conference Hall of Cardiology Research Institute (111a Kievskaya Street, Building 1, Floor 2)

**8:00-08:30** Registration

**PLENARY SESSION 08:30 – 13:00**

Chairmen: **Karpov R.S., MD, DSc, Member of RAS (Tomsk)**  
**Popov S.V., MD, DSc, Member of RAS (Tomsk)**  
**Davtyan K.V., MD, DSc (Moscow)**

08.30-08.40 Greetings:

**Karpov R.S., Popov S.V.**

08.40-09.00 **Popov S.V. (Tomsk)** "Scientific legacy of Professor V.V. Pekarsky and his role in establishing and developing arrhythmology in Siberia. On the occasion of 80<sup>th</sup> Birthday"

09.00-09.30 **Khudzik M. (Lodz, Poland)** "Arrhythmias: What is new in 2016/2017?"

09.30-09.50 **Kharlap M.S. (Moscow)** "Atrial fibrillation: Pathophysiology, management tactics, and indications for catheter-based treatment"

09.50-10.10 **Rzaev F.G. (Moscow)** "New directions in radiofrequency ablation of atrial fibrillation"

10.10-10.50 **Rolf S. (Berlin, Germany)** "Substrate ablation in atrial fibrillation"

10.50-11.00 **Break**

11.00-11.40 **Revishvili A.Sh. (Moscow)** "Does surgery play a role in treatment of persistent atrial fibrillation?"

11.40-12.00 **Davtyan K.V. (Moscow)** "What did cryoballoon technology change in life of patients with atrial fibrillation?"

- 12.00-12.20 **Mamchur S.E. (Kemerovo)** “Cryoballoon pulmonary vein isolation”
- 12.20-12.40 **Kolunin G. (Tyumen)** “Cryotechnologies in the treatment of supraventricular arrhythmias”
- 12.40-13.00 **Zenin S.A. (Novosibirsk)** “Mechanisms and approaches to treatment of atrioventricular tachycardias”
- 13.00-14.00 **Break**

**SESSION 2 14.00-17.40**

Chairmen: **Gilyarov M.Yu., MD, DSc (Moscow)**  
**Ivanitsky E.A., MD, DSc (Krasnoyarsk)**

- 14.00-14.30 **Kautzner J. (Prague, Czech Republic). Livestream**
- 14.30-14.50 **Gilyarov M.Yu. (Moscow)** “Atrial fibrillation and ischemic heart disease”
- 14.50-15.10 **Novikova N.A. (Moscow)** “Administration of new oral anticoagulants in various clinical situations”
- 15.10-15.30 **Gorev M. V. (Moscow)** “Features of catheter treatment of atrial fibrillation in patients with coronary artery disease”
- 15.30-15.50 **Davtyan K.V. (Moscow)** “Methods for prevention of cardiogenic thromboembolism”
- 15.50-16.00 **Break**
- 16.00-16.20 **Ivanitsky E.A. (Krasnoyarsk)** “Nonfluoroscopic imaging in interventional arrhythmology”
- 16.20-16.40 **Sapelnikov O. (Moscow)** “Atrial fibrillation in patients with chronic heart failure”
- 16.40-17.00 **Bsharat Kh.A. (Khabarovsk)** “Intracardiac echocardiography in interventional arrhythmology”
- 17.00-17.20 **Zamanov D.A. (Krasnoyarsk)** “Increasing efficacy of treatment for atrial fibrillation by the method of contact-force ablation technology SmartTouch”
- 17.20-17.40 **Artemenko S.N. (Sankt-Petersburg)** “Combination methods of radiofrequency catheter ablation of atrial fibrillation”

## Friday, April 28

Conference Hall of Cardiology Research Institute (111a Kievskaya Street, Building 1, Floor 2)

### Session 3 8.30-13.00

Chairmen: **Mikhaylov E.N. (Sankt-Petersburg)**  
**Tatarsky R.B., MD, DSc (Sankt-Petersburg)**

- 08.30-09.00 **Khudzik M. (Lodz, Poland)** "How can we prolong life of patients with heart failure?"
- 09.00-09.40 **Curnis A. (Brescia, Italy)** "The role of multipolar stimulation in cardiac resynchronization therapy"
- 09.40-10.00 **Mikhaylov E.N. (Sankt-Petersburg)** "Arrhythmias in chronic heart failure: Prospects of interventional treatment and neural modulation"
- 10.00-10.20 **Ganeeva O.N. (Moscow)** "Modulation of cardiac contractility: Novel approach to treatment of patients with heart failure"
- 10.20-10.50 **Curnis A. (Brescia, Italy)** "MRI-compatibility of implantable devices"
- 10.50-11.00 **Break**
- 11.00-11.40 **de Asmundis C. (Brussel, Belgium)** "Treatment tactics in patients with ventricular fibrillation and ventricular tachycardia"
- 11.40-12.00 **Kostyleva V.A. (Moscow)** "New approaches to treatment of sudden cardiac death with implantable devices"
- 12.00-12.20 **Bazaev V.A. (Moscow)** "Diagnostics and treatment of idiopathic ventricular arrhythmias: When and how?"
- 12.20-12.40 **Tatarsky R.B. (Sankt-Petersburg)** "Catheter ablation impact on survival of patients with postinfarction ventricular tachyarrhythmias"
- 12.40-13.00 **Kandinsky M.L. (Krasnodar)** "Radiofrequency ablation of ventricular arrhythmias"
- 13.00-14.00 **Break**

### Session 4 14.00-16.00

Chairmen: **Neminushchy N.M., MD, DSc (Moscow)**  
**Turov A.N., MD, DSc (Novosibirsk)**

- 14.00-14.20 **Neminushchy N.M. (Moscow)** "The role of cardiac stimulation in patients with atrial fibrillation. Does a choice of cardiac pacemaker model matter?"

- 14.20-14.40 **Spiridonov A.A. (Moscow)** “Relevance of opting for MRI-compatible pacing system: Facts from clinical practice”
- 14.40-15.00 **Turov A.N. (Novosibirsk)** “Subcutaneous monitoring: Past, present, and future”
- 15.20-15.40 **Khomutinin D. (Tuymen)** “Extraction of endocardial leads in practice of interventional arrhythmologist”
- 15.40-16.00 **Round Table “Highlights in Interventional Arrhythmology”**

#### **CLOSING OF CONFERENCE**

***Dear Colleagues! Please note that Program may change!***

---
